## PROFILE

I am an enthusiastic and dedicated student with experience in demanding environments and a strong ability to adapt to challenging situations. I enjoy collaborating with others to find effective solutions to problems. I am developing a unique skill set that balances practical computer science, including installations and hardware management, with an interest in software engineering. I wish to refine and grow my skills while contributing to your company's growth and reputation.

## KEY SKILLS

Intermediate Python/Css/Html/Php/Java/Javascript skills	Ability to Work in a Team/independently
Great communication skills (verbal and written)	Ability to Work Under Pressure
Excellent listening and Interpersonal skills	Proficient at Oxford/Harvard referencing
Ability to Adapt to Situations	Proficient in Microsoft Word, Excel, Access, PowerPoint
